

Civeo Reports First Quarter 2026 Results

May 1, 2026

Highlights:

- Reported revenues of \$172.7 million, net loss of \$3.8 million and Adjusted EBITDA of \$22.5 million, reflecting year-over-year growth of 20% in revenues and 78% in Adjusted EBITDA;
- Australian segment revenues increased 19% driven by the contribution from recently acquired villages and increased integrated services activity;
- Canadian segment revenues increased 23% with strong year-over-year margin expansion driven by higher occupancy and cost reduction initiatives;
- Repurchased 0.5 million common shares, or approximately 4% of Civeo's common shares outstanding as of December 31, 2025; and
- Subsequent to quarter-end, amended credit agreement, extending maturity to April 2030 and increasing total revolving capacity to \$285 million, further enhancing financial flexibility.

HOUSTON--(BUSINESS WIRE)--May 1, 2026-- Civeo Corporation (NYSE:CVEO) today reported financial and operating results for the first quarter ended March 31, 2026.

Bradley J. Dodson, Civeo's President and Chief Executive Officer, said, "Disciplined execution powered our strong start to the year, helping to drive meaningful year-over-year growth in both revenue and Adjusted EBITDA. In Australia, our results reflect contributions from our recently acquired villages and continued revenue growth momentum in our integrated services business. In Canada, we achieved significant margin expansion, benefitting from higher occupancy across key lodges and cost savings realized due to the actions we implemented in 2025."

Mr. Dodson continued, "We are focused on further improving performance by operating safely and efficiently, prudently managing costs and allocating capital in a disciplined manner. During the first quarter, we continued to execute our capital allocation framework, returning capital to shareholders through share repurchases while maintaining balance sheet strength."

Mr. Dodson concluded, "Looking ahead, we believe Civeo is well positioned to benefit from a diverse set of end markets across Australia and North America. Our Australian platform continues to generate strong, stable cash flow, while in Canada we are seeing the benefits of our cost structure improvements and positioning the business to support future demand. We are encouraged by the growing pipeline of North American infrastructure-related opportunities, including LNG, power and data center development, which we expect to develop over time, and remain focused on disciplined execution as we position the Company for long-term value creation."

First Quarter 2026 Results

In the first quarter of 2026, Civeo generated revenues of \$172.7 million and reported a net loss of \$3.8 million, or \$0.34 per diluted share. The Company's negative operating cash flow of \$9.7 million reflects seasonal working capital outflows. Adjusted EBITDA was \$22.5 million.

By comparison, in the first quarter of 2025, Civeo generated revenues of \$144.0 million and reported a net loss of \$9.8 million, or \$0.72 per diluted share. During the first quarter of 2025, Civeo produced negative operating cash flow of \$8.4 million and Adjusted EBITDA of \$12.7 million.

The year-over-year increase in Adjusted EBITDA was primarily driven by improved margins in Canada resulting from higher occupancy and cost reduction initiatives, as well as increased contributions from the Australian villages acquired in May 2025.

Business Segment Results

Australia

In the first quarter of 2026, the Australian segment generated revenues of \$123.0 million, operating income of \$12.7 million and Adjusted EBITDA of \$21.8 million, compared to revenues of \$103.6 million, operating income of \$11.2 million and Adjusted EBITDA of \$19.0 million in the first quarter of 2025. Results for the first quarter of 2026 include the impact of a strengthened Australian dollar relative to the U.S. dollar, which positively impacted revenues and Adjusted EBITDA by \$12.0 million and \$2.1 million, respectively.

The Australian segment reported a 19% increase in revenues and a 14% increase in Adjusted EBITDA, driven primarily by the addition of the acquired villages in May 2025.

Canada

During the first quarter of 2026, the Canadian segment generated revenues of \$49.6 million, an operating loss of \$4.4 million and Adjusted EBITDA of \$5.2 million, compared to revenues of \$40.4 million, an operating loss of \$10.6 million and negative Adjusted EBITDA of \$0.8 million in the first quarter of 2025.

The Canadian segment reported higher revenues and Adjusted EBITDA driven by improved occupancy across key lodges. Adjusted EBITDA increased due to cost reduction efforts and operational efficiencies implemented during 2025, resulting in significant margin improvement.

Financial Condition

As of March 31, 2026, Civeo had total liquidity of approximately \$68.4 million. Civeo's total debt at March 31, 2026 was \$212.3 million, a \$29.4 million increase from December 31, 2025. Civeo's net debt at March 31, 2026 was \$198.9 million, a \$27.5 million increase since year-end 2025, primarily attributable to recent share repurchases, consistent with the Company's capital allocation framework, bringing Civeo's reported net leverage ratio to 2.2x as of March 31, 2026.

In the first quarter of 2026, Civeo repurchased approximately 0.5 million shares for approximately \$14.4 million. As of March 31, 2026, the Company has completed approximately 96% of the share repurchase program authorized by the Civeo Board of Directors in April 2025.

During the first quarter of 2026, Civeo invested \$4.1 million in capital expenditures compared to \$5.3 million invested during the first quarter of 2025. Capital expenditures in both periods were primarily related to maintenance spending on the Company's lodges and villages.

In April 2026, the Company amended its credit agreement, extending the maturity to April 2030 from August 2028 and increasing total revolving credit facility capacity to \$285 million from \$265 million. The amendment further enhances the Company's liquidity position and financial flexibility.

Full Year 2026 Guidance

For the full year of 2026, Civeo is raising the low end of its revenue guidance to \$675 million to \$700 million, from its prior range of \$650 million to \$700 million. The Company is maintaining its previously provided Adjusted EBITDA guidance range of \$85 million to \$90 million.

The Company is maintaining its full year 2026 capital expenditure guidance range of \$25 million to \$30 million.

SUPPLEMENTAL OPERATIONS BY SERVICE TYPE BY REGION DATA

(unaudited)

The following table sets forth certain supplemental data for our Australia and Canada segment revenues attributable to the asset-light (“Catering and Facility Management”) portion of the Company’s business and the asset-intensive (“Accommodations and Infrastructure”) portion of the Company’s business. We provide Catering and Facility Management services to both customer-owned assets and Company-owned villages and lodges. When we provide Catering and Facility Management services to customer-owned assets, it is reflected in “Food and other services” in our Supplemental Quarterly Segment and Operating Data. However, when we provide those same services to customers at our owned villages and lodges, it is reflected in “Accommodation and other services”, which also includes the Accommodations and Infrastructure component of our owned villages and lodges. This is because we bill our customers in one combined rate for both Accommodations and Infrastructure services and Catering and Facility Management services at Company-owned villages and lodges.

The purpose of the disclosure below is to disaggregate the embedded Catering and Facility Management revenues from the “Accommodation and other services” revenues associated with our owned villages and lodges that is included in our Supplemental Quarterly Segment and Operating Data. To do so, we apply a margin that is equal to Civeo’s margin in similar services we provide to customer-owned assets to the cost of sales that are associated with Catering and Facility Management services within “Accommodation and other services” for our owned villages and lodges. This table provides investors a supplemental view of the services provided by the Company which could assist with their valuation analysis.

- (1) The term EBITDA is a non-GAAP financial measure that is defined as net income (loss) attributable to Civeo Corporation plus interest, taxes, depreciation and amortization. The term Adjusted EBITDA is a non-GAAP financial measure that is defined as EBITDA adjusted to exclude certain other unusual or non-operating items. EBITDA and Adjusted EBITDA are not measures of financial performance under generally accepted accounting principles and should not be considered in isolation from or as a substitute for net income or cash flow measures prepared in accordance with generally accepted accounting principles or as a measure of profitability or liquidity. Additionally, EBITDA and Adjusted EBITDA may not be comparable to other similarly titled measures of other companies. Civeo has included EBITDA and Adjusted EBITDA as supplemental disclosures because its management believes that EBITDA and Adjusted EBITDA provide useful information regarding its ability to service debt and to fund capital expenditures and provide investors a helpful measure for comparing Civeo's operating performance with the performance of other companies that have different financing and capital structures or tax rates. Civeo uses EBITDA and Adjusted EBITDA to compare and to monitor the performance of its business segments to other comparable public companies and as a benchmark for the award of incentive compensation under its annual incentive compensation plan.

The following table sets forth a reconciliation of EBITDA and Adjusted EBITDA to net income (loss) attributable to Civeo Corporation, which is the most directly comparable measure of financial performance calculated under generally accepted accounting principles (in thousands) (unaudited):

- (a) Represents implementation costs (primarily severance costs and real estate expense rationalization) incurred as part of cost savings initiatives.
- (b) Represents share-based compensation expense associated with performance share awards, restricted share awards, restricted share units and deferred share awards.
- (2) The term net leverage ratio is a non-GAAP financial measure that is defined as net debt divided by bank-adjusted EBITDA. Net debt, bank-adjusted EBITDA and net leverage ratio are not financial measures under GAAP and should not be considered in isolation from or as a substitute for total debt, net income (loss) or cash flow measures prepared in accordance with GAAP or as a measure of profitability or liquidity. Additionally, net debt, bank-adjusted EBITDA and net leverage ratio may not be comparable to other similarly titled measures of other companies. Civeo has included net debt, bank-adjusted EBITDA and net leverage ratio as a supplemental disclosure because its management believes that this data provides useful information regarding the level of the Company's indebtedness and its ability to service debt. Additionally, per Civeo's credit agreement, the Company is required to maintain a net leverage ratio below 3.0x every quarter to remain in compliance with the credit

agreement.
